

ecsn Members and Guests – “Booze Up in a Brewery...”

Engineering Design Show – Coventry

www.engineering-design-show.co.uk/

Wednesday 16th October '19 – 17:30 to 20:30

Dear ecsn Members and Guests,

After a busy first day on the exhibition stand or attending the Engineering Design Show you are cordially invited to join your industry friends and colleagues for a chat to find out “what’s happening” in the electronic components industry over a glass or two of craft beer (wine, cider and soft drinks are also available)...

We will meet at the Tap House Bar, Dhillons Brewery at 17:30, it's just a few minutes' from the Ricoh Arena and much quicker to walk over than drive (a map will be provided on registration).

At 18:30 ecsn have arranged a tour of the Brewery led by the Head Brewer “Pedro”, who will tell us about the processes, tastes, malts and hop variations used by Dhillon’s to create their range of beers.

Those who prefer to continue to sample the products and have a chat rather than go on the tour may remain in the bar... Our evening officially concludes at 20:30 but you are welcome to join the Chairman for the best curry in Coventry...!

Thanks to the generosity of our sponsors this event is FOC for ecsn members and their invited guests who have confirmed attendance in advance. To register please send an Email to Jill enquiries@ecsn-uk.org ASAP no later than 10th October as follows - Subject: “Booze Up In a Brewery” - I / we plan to attend the event and would like to go on the brewery tour / continue chatting in the bar* (please edit appropriately)...

We look forward to meeting you at Dhillons as we successfully organise our “Booze up in a Brewery”...!

With Grateful Thanks To Our Sponsors:
